Happy Friday!

This week was a short week due to Monday being a holiday. This week, the CD13 team outreached a total of 14 hours and spent 3 hours reviewing and completing paperwork. Below is our weekly summary, please review.

- **This week, we worked with approximately 10 people**
 - o Of these, 3 of the 10 contacts were new contacts, and we saw several individuals multiple times.
- **Liberty St. had the most populated contacts.**
- **4 clients currently have housing vouchers and are in the process of searching for homes:**
 - 1 client, currently has an appointment for a HACLA voucher on June 8, 2016
 - 1 client, moved into permanent housing!
 - Of these, 1 client will need pet-friendly housing options.

Approximately 5 people may have been identified as the most vulnerable clients

- **Special notes and request:**
 - The out reach team referred an individual to Downtown resources.
 - The outreach team participated in Maintenance & Outreach event on Liberty St. and completed 3 CES assessments.
 - The team did not outreach the LA River this week, however, worked with an individual from that area in getting her ID and connected her with LASHA for temporary housing.

- The outreach team assisted with locating multiple rental properties for multiple clients with vouchers in order to apply for permanent housing.
- The outreach team was called to assist in the CSI clean-up process on Juanita and Oakwood Ave. to assist 2 individuals who had a difficult time with processing the clean-up efforts. The team outreached the individuals, assisted with resources, and provided extensive case management. The team then followed up on Friday with those individuals and are now in the process of enrolling them for services.
- The outreach team spent long outreach hours on apartment searching, specifically for 4 individuals with current vouchers.

- The team did not participate in the Maintenance and Outreach (M&O) this week due to a HACLA appointment for housing voucher. The team will make up those hours in the following week.
- Juanita Street clients are now engaging with the team and 4 individuals have agreed to receiving services.
- The team outreached the LA River this week and were able to engage 5 individuals, and completed a CES assessment with one individual. The outreach team discussed with CD13 their findings during the past few weeks on the LA River and pointed out the very low number of individuals available in the areas that were provided to the team by LAHSA. Both the outreach team and CD13 agreed to resume outreach in that area in July 2016, as the team is needing to focus on assisting their existing clients with finding permanent housing solutions before their Section 8 vouchers expire.
- The outreach team assisted with locating multiple rental properties for our folks with vouchers to apply for permanent housing.
- The outreach team received 2 CA ID's for 2 individuals at LA River and were able to get deliver them.
- The outreach team spent long outreach hours on apartment searching specifically for 4 individuals with current vouchers.
- The team participated in an 8 hour Mental Health First Aid to enhance effectiveness with our individuals with severe Mental Health. The outreach team learned new techniques on how to approach difficult situations and are looking forward to using their findings in the field.
